

Y Fall Group Exercise

CLASS DESCRIPTIONS

Crunch Time

This class is designed to increase abdominal strength and condition your back using different body positions, tempos, and equipment to effectively work the abs and strengthen the back.

Combo Fitness

Combo Fitness is a fun, total body workout that combines step aerobics, cardio kick, and strength training into one class.

Power Sculpt

Looking for a challenge? Work your entire body in this intense conditioning class using a variety of resistance exercises.

Cardio Kick

Get ready to sweat in this "Fat Blasting" class filled with jabs, punches, kicks and power moves. Combine cardio kick-boxing with resistance training and aerobic intervals and you have the non-stop variety that is a Cardio Kick/Circuit class.

Kickin it Bootcamp

Stay non-stop motivated while alternating aerobic intervals with resistance training exercises. This class will strengthen both your muscles and your heart!

Basic Step/ Step

These classes will help improve your cardiovascular fitness while emphasizing the lower body muscles. They are great for all fitness levels because you can vary the height of the step to increase or decrease intensity.

Quad Step

This class uses 4 Step Benches to give you a fun and challenging step workout.

Bootcamps

Circuit classes combining plyometrics, agility, strength and resistance training in self and group motivating atmosphere.

Indoor Cycling Class

Indoor cycling class is an aerobic exercise that takes place on a specially designed stationary bicycle. Although you follow the general instructions of the cycling teacher, you are in control when it comes to your pace.

Group Exercise Studio schedule is on the reverse side.

We build strong kids,
strong families, strong communities.

Rev. 9/15/09

- * All levels – Classes where instructors will demonstrate various intensity options. It is your responsibility to choose movements appropriate for your body.
- * Level I – Classes are ideal for members who are new or returning to exercise, or for those who prefer a lower intensity.
- * Level II – Classes are appropriate for participants familiar with group exercise terms and moves and who prefer a moderate to high intensity.
- * Level III – Because of complex choreography, participants should have prior step experience.

For a greater variety of classes, please see the Relaxation Studio class schedule.
